

For determining the availability of your deposits, every day is a business day, except Saturdays, Sundays, and federal holidays. If you make a deposit before closing on a business day that we are open, we will consider that day to be the day of your deposit. However, if you make a deposit after closing or on a day we are not open, we will consider that the deposit was made on the next business day we are open.

Safeguard Exceptions. In addition, funds you deposit by check may be delayed for a longer period under the following circumstances:

- We believe a check you deposit will not be paid.
- You deposit checks totaling more than \$7,000 on any one day.
- You redeposit a check that has been returned unpaid.
- You have overdrawn your account repeatedly in the last six months.
- There is an emergency, such as failure of computer or communications equipment.

We will notify you if we delay your ability to withdraw funds for any of these reasons, and we will tell you when the funds will be available. They will generally be available no later than the fifth business day after the day of your deposit.

Special Rules for New Accounts

If you are a new customer, the following special rules will apply during the first 30 days your account is open. Funds from electronic direct deposits to your account will be available on the day we receive the deposit. Funds from deposits of cash, wire transfers, and the first \$7,000 of a day's total deposits of cashier's, certified, teller's, traveler's, and federal, state and local government checks will be available on the first business day after the day of your deposit if the deposit meets certain conditions. For example, the checks must be payable to you. The excess over \$7,000 will be available on the fifth business day after the day of your deposit. If your deposit of these checks (other than a U.S. Treasury check) is not made in person to one of our employees, the first \$7,000 will not be available until the second business day after the day of your deposit. Funds from all other check deposits will be available on the fifth business day after the day of your deposit.

Deposits made at Dean Bank ATMs

If you make a check deposit at a Dean Bank ATM prior to 4:00 pm on any business day, we will consider that to be the day of your deposit and funds will be available on the next business day. If you make a check deposit after 4:00 pm on any business day, we will consider the next business day to be the day of your deposit. Cash deposits made at a Dean Bank ATM are available the day the deposit was made. Dean Bank does not accept deposits made at non-Dean Bank ATMs.

Check Deposits made using Dean Bank Mobile Banking

Checks successfully deposited and accepted through the Mobile Deposit feature of Mobile Banking prior to 4:00 p.m. Eastern Time on any business day will be deemed to have been received by the Bank on that business day; checks successfully deposited and accepted after 4:00 p.m. Eastern Time on any business day or on any day that is not a business day are deemed to have been received by the Bank on the next business day. Funds deposited using Mobile Deposit will be made available to you by 9:00am Eastern Time on the first business day after the day we receive your deposit. Checks deposited through Mobile Deposit will not appear in your account history or balance until the next business day after the day of deposit.

Alternate Hold Account

You may choose other accounts maintained at Dean Bank to hold funds against as follows:

If we cash a check for you that is drawn on another bank, we may withhold the availability of a corresponding amount of funds that are already in your account. Those funds will be available at the time funds from the check we cashed would have been available if you had deposited it.

If we accept for deposit a check that is drawn on another bank, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another account with us. The funds in the other account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure for the type of check that you deposited.

Disclosure Statement Deposit Accounts

**DEAN
BANK**
...It's my bank.

Dean Bank provides this disclosure so our customers will understand account guidelines, including how interest is computed. A Bank representative will provide any additional information desired for the account you select.

These are the accounts you have opened or inquired about. They reflect the Account Type, Minimum Balances, Interest Rate and Annual Percentage Yield (APY). Further details are inside this brochure. If the figures are not filled in, please see the insert that is with your disclosure, or your periodic statement.

Certificates of Deposit						
• Regular	\$500	\$500				
• IRA	\$100	\$100				
• CD Specials	\$1000	\$1000				

NOTE: Free Checking Accounts do not earn interest. Student Statement Savings Accounts are available to students in participating schools in conjunction with the School Savings program; there are no monthly service charges. You may obtain our current interest rates by visiting any of our offices, or by calling us at (508) 528-0088 or on the web at www.deanbank.com.

For All Access Checking, NOW Checking, Premium Savings Accounts, Passbook and Statement Savings, Student Statement Savings, Money Market Accounts, Preferred Money Market Accounts, Premium Money Market Accounts, Preferred Savings, Club Accounts and Variable Rate IRA Accounts:

- Your interest rate and annual percentage yield may change. At our discretion, we may change the rate on your account daily.
 - Interest begins to accrue on the day of deposit.
 - Interest is compounded monthly and credited on the last business day of the month. If you close your account before interest is credited, you will not receive the accrued interest.
 - If the balance in your account falls below \$25 (\$1 for Student Statement Savings & Club Accounts, \$100 for IRA Variable Accounts) any day, your account will not earn interest for that day.
 - We use the daily balance method to calculate the interest and the minimum balance requirements on your account. This method applies a daily periodic rate to the principal in the account each day.
 - An overdraft fee may be imposed for overdrafts created by check, in-person withdrawal, ATM withdrawal, or other electronic means. Please see Dean Bank’s Consumer Fee Information brochure for any maintenance and activity fees such as the monthly service charge if account balance falls below minimum daily balance (MDB).
- Fee Waiver Notice:** Customers 18 years of age or younger and customers age 65 or older qualify to receive one savings and one checking account free of monthly service charges, regardless of account balances. Please notify the Bank if you are in either of these age groups, so that we can explain qualification requirements.

For Certificate of Deposit (CD) Accounts, Fixed Rate IRA CD’s:

You will be paid this rate until the maturity date of your account. The annual percentage yield (APY) assumes interest remains on deposit until maturity. A withdrawal will reduce earnings.

- Interest begins to accrue the day you make your deposit.
- For accounts with maturities of less than one year, the account pays simple interest. For accounts with maturities of one year or more, interest is compounded continuously. Interest is credited on the last business day of the month with the exception of accounts that are maturing. In this case, interest is paid on the maturity date. If you close your account before interest is credited, you will not receive the accrued interest.
- We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

- A penalty will be charged if you withdraw your deposit before the maturity date. The amount of the penalty, based on the principal to be withdrawn, will be determined as follows:
 - o For CD’s with original terms of less than one year: the penalty will be the equivalent of three months’ interest.
 - o For CD’s with original terms of 12 to 35 months: the penalty will be the equivalent of six months’ interest.
 - o For CD’s with original terms of 36 to 47 months: the penalty will be the equivalent of twelve months’ interest.
 - o For CD’s with original terms of 48 months or greater: the penalty will be the equivalent of twenty-four months’ interest.
 - o We will permit a withdrawal from your CD by your legal representative without imposition of a penalty subsequent to your death, or a declaration by a court of your incompetency.
- At maturity, if an account with the same term is being offered, this account will automatically be renewed for the same period, at the rate in effect on the date of the maturity, unless you inform us otherwise.* You will have a grace period of ten (10) calendar days from the maturity date to withdraw funds without being charged a penalty. If you close your account during the ten (10) day period, interest will not be paid.
- If a similar account is not being offered at maturity, and we have not received instructions from you, you will earn our Passbook Savings Account rate until we do receive instructions from you.
- Withdrawals made from any IRA account before age 59½ may be subject to an IRS penalty.

* This does not apply to CD Specials. Short term CD Specials (terms less than one year) will renew into a 6 month Certificate of Deposit at the then current rate of interest. Long term CD Specials (terms more than one year) will renew into a 12 month Certificate of Deposit.

FUNDS AVAILABILITY POLICY

Your Ability to Withdraw Funds

Our policy is to make funds from your check deposits available to you on the first business day after the day we receive your deposit. Electronic direct deposits and cash will be available on the day we receive the deposit. Once the funds are available, you can withdraw them in cash and we will use the funds to pay checks that you have written.

Please remember that even after we have made funds available to you, and you have withdrawn the funds, you are still responsible for checks you deposit that are returned to us unpaid and for any problems involving your deposit.
